Brookline College Acquires Oklahoma Technology Institute
Purchase Marks College's Entry into Oklahoma

Phoenix – May 18, 2010 – Brookline College, a multi-campus higher education company, announced it has completed the acquisition of Oklahoma Technology Institute in Oklahoma City. The transaction was completed earlier this year for an undisclosed amount.

“We are pleased to welcome Oklahoma Technology Institute as the newest Brookline College campus,” said Christa Jones, Chief Executive Officer of Brookline College.

“This acquisition means more than just a name change,” said Jones. “We are planning to install new equipment and make other facility improvements to the campus to meet the community’s needs.”

“The purchase fits with our business objectives to expand Brookline College east,” explained Jones. “We have been serving students for over 30 years and are looking forward to offering our top career-focused programs to students in Oklahoma.”

Brookline College is headquartered in Phoenix, Arizona, and has four other campus locations in Arizona and New Mexico. The college has served students for 31 years and offers Bachelor’s and Associate’s degrees as well as Diplomas in a variety of health care, business and legal programs.

The new Oklahoma campus is licensed by the Oklahoma Board of Private Vocational Schools and is accredited by the Commission of the Council on Occupational Education (41 Perimeter Center East, NE, Suite 640, Atlanta, GA 30346; Telephone: 800-917-2081).
