

BACHELOR OF SCIENCE IN NURSING – RN to BSN

This program is designed for students who hold an Associate's Degree in nursing and who wish to earn a Bachelor of Science Nursing degree. To be considered for admission applicants must:

1. Possess an associate degree with a major in nursing from a postsecondary educational institution accredited by an agency recognized by the United States Department of Education, or an equivalent degree from a comparable foreign institution
 - a. Evidence, in the form of official transcripts, of conferral of associate's degree; or
 - b. For international students, an official transcript translation (if applicable) and evaluation from a member of the Association of International Credentials Evaluators (AICE) or the National Association of Credential Evaluation Services (NACES)
2. Possession of a current registered nurse license in good standing from any state, territory, or district in the United States. This requirement does not apply to international students
 - a. For international students, a TOEFL test with a minimum score of 84 and a minimum speaking score of 26 on the internet based test.
3. Completion of an authorization to conduct criminal background check form
4. Completion of a personal interview with a representative of Brookline College
5. Proof of completion, in form of official transcripts, of all college and prerequisite courses must be provided in the form of official transcripts prior to the end of the add/drop period

To meet the criteria for the award of a Bachelor of Science in Nursing degree students must complete the following:

- 36 general education credits taken at Brookline College or transferred from another academic institution
- 54 block transfer credits for nursing and nursing support courses based on completion of the associate degree in nursing
- 30 nursing core course credits
- Total: 120 credits

Arizona applicants must be at least 18 years of age or 17 years 6 months of age with parental or legal guardian signature of approval or otherwise covered under state emancipation statutes.

Students in the Brookline College RN to BSN program must have a minimum of 36 general education credits upon program completion. Students may transfer general education credits from previously attended academic institutions and will be able to take as many general education courses as needed to make up the difference between what is transferred and the minimum of 36 credits.

Students, as registered nurses, will be given a block total of 54 transfer credits for all nursing and nursing support courses taken in the associate degree program; students will be required to take 30 credits of nursing core courses
