CURRICULUM OVERVIEW

Master of Science in Nursing, Online (BSN-MSN)

36 CREDITS – 600 CONTACT HOURS – 48 WEEKS/96 WEEKS

The Master of Science in Nursing program prepares graduates to assume the role of an entry-level nurse educator within academic or health care settings. Core courses in the program provide the foundation for the educator role in the areas of health systems and policy, organizational leadership, and research applications. Specialty courses provide learning related to theoretical foundations for higher education, roles of the nurse educator, teaching/learning theory and strategies, curriculum structure and design, assessment/evaluation of student learning, instructional technologies, and academic leadership roles. The program includes one practicum course at the faculty or instructor level.

Program Concentration Courses

MSN 600 Health Care Systems and Policy
MSN 610 Organizational Theory and Leadership
MSN 620 Research Methods and Evidence – Based Practice
MSN 630 Theoretical Foundations of Higher Education
MSN 640 The Nurse Educator: Roles and Responsibilities
MSN 650 Curriculum Structure and Development
MSN 660 Teaching and Learning: Theory and Practice
MSN 665 Advanced Pathopharmacology for the Nurse Educator
MSN 670 Measurement and Evaluation of Student Learning
MSN 675 Advanced Health Assessment for the Nurse Educator
