## CURRICULUM OVERVIEW

### Master of Science in Nursing – Health Systems Administration, Online (BSN-MSN)

36 CREDITS – 600 CONTACT HOURS – 48 WEEKS/96 WEEKS

The Master of Science Nursing – Health Systems Administration program prepares graduates to assume a variety of administrative roles within academic or healthcare settings. The curriculum provides the foundation for administrative practice through courses in health systems and policy, organizational leadership, and research applications. Specialty courses provide learning related to organizational theory and dynamics; informatics; economics, accounting, and financial management; healthcare finance; legal, regulatory, and ethical considerations; and quality management. The program includes a practicum course which promotes the application and utilization of advanced theoretical knowledge and offers students the opportunity to demonstrate advanced leadership/management competencies in a selected healthcare organization.
